Eval. Notes: 04/03/2026

**BEHAVIOR NOTE:** 04/03/26 10:23 When opening door to feed in the morning Saren tried to bolt out, but was able to catch him at the kennel door and turn him around and put him back inside kennel. Did not potty in kennel overnight and kept his kennel clean. Walked with semi-tight leash out to runs and pottied right away. Out in the runs was hanging out at the fence with Nell (A2063091). Walking back was very affectionate, leaning against my legs and rubbing his sides against them like a cat so I stopped to pet him for a bit. We also stopped to get his medicine and he ate his pill meatball readily when offered by the vet tech passing by. Quiet and calm once back in kennel.
