Re: Greater Third Ward Neighborhood Improvement Project, Phase 2 Support

Dear Representative Jackson Lee,

Please accept this letter as documentation of support for the Greater Third Ward Neighborhood Improvement Project. The project will improve basic infrastructure in a historically underserved community in Houston's Third Ward area. The project will reconstruct crumbling roads, provide sidewalks where none exist today, improve stormwater conveyance which is currently undersized, and will improve transit access for those who need it the most. The resources requested will specifically be used towards the pedestrian and transit access elements of the project, which are of utmost importance for this community.

I thank you very much for your partnership and collaboration in this very important project to our community.

Sincerely,

A handwritten signature in blue ink that reads "Sallie Alcorn". The signature is written in a cursive, flowing style.
