Subject: Fwd: Spending Authority Request

Summer,

We have begun to run very low on our hardware inventory. We have used almost all available PCs and monitors to meet the demand. We have 25 or so laptops available for PC refresh project that are all used.

We need to clear the additional procurement request for \$170k worth of new hardware needed.

As per Somayya there are no options available to raise the limit or renew the contract with HP. We looked into DIR funds but there is nothing left in that too.

Please help!

#### Somayya,

Thanks for responding. Per our last conversation, you indicated that HITS was working on a new agreement with HP. Can you provide a status update on when the new agreement for HP will be available? Are we able to use DIR for this request? How can we move forward with procuring needed equipment relating to Harvey Disaster Recovery. Do we need to contact SPD for this request? Please advise. Thanks, Orson.
