# VIRTUO GROUP CORPORATION

*Solutions, Service & Success*

### Success Story:

#### The CEO and President, Ms. Theresa Blackwell, The Virtuo Group Corporation

Virtuo Group Corporation was started in 2001 with the objective of providing a comprehensive superior set of virtual and on-site IT professional services. Virtuo Group's services portfolio includes Cyber Security Support Services, Application Modernization, Specialized Staff Augmentation, System Migration and Consolidation, Remote Management & Support, Specialized Staff Augmentation and Project/Program Management. Virtuo Group provides these services to federal and local government agencies as well as commercial entities either directly or through service providers. Due in large part to recognition of Virtuo Group's high technical capabilities, professionalism and customer service, in 2014, Virtuo Group was selected to provide professional services consulting services to the City of Houston to accomplish current and future initiatives related to cybersecurity. In addition, Virtuo Group have aided the City in the application process for Federal grant funding for cybersecurity projects and has even made it possible for one of our cybersecurity projects to be recognized nationally with an award for outstanding security projects. Virtuo Group Corporation is a Certified Service-Disabled Veteran, Woman, and Minority Owned, Small Business with corporate headquarters located in The Woodlands, Texas and satellite offices in the Washington, DC metropolitan area.
