

**CERTIFICATE OF APPROPRIATENESS**

**Applicant:** Jeremy Dean, owner / Sam Gianukos, agent

**Property:** 3013 Beauchamp St, Houston, TX, 77009; Lot 3 and 4, Block 8, Woodland Heights Subdivision.

The property includes a historic 2,465 square foot, one-story wood frame single family residence, situated on a 10,000 square foot (100' x 100') corner lot (information obtained from HCAD).

**Significance:** Contributing Craftsman Bungalow, constructed circa 1910, located in the Woodland Heights Historic District.

**Proposal:** Alteration & Addition:

- Construct a 2,127 square foot addition to the existing home and attached garage, bringing the total square footage to 4,592 square feet of conditioned space
- Match the existing finished floor height at 2'-0" (at the home) and 6" slab on grade at garage
- The existing roof pitch is 5/12 and 7/12, the addition shall be 5/12 (first floor) and 5/12 (second floor) and the pitch shall be 2/12 at the shed roofs.
- Have an eave height of 21'-9" and a maximum ridge height of 27'-11"
- Install cementitious siding with a reveal to match the original siding
- Install inset and recessed wood windows

**Public Comment:** No public comment received.

**Civic Association:** No comment received.

| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (1)                  | The proposed activity must retain and preserve the historical character of the property;  |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (2)                  | The proposed activity must contribute to the continued availability of the property for a contemporary use;   |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (3)                  | The proposed activity must recognize the building, structure, object or site as a product of its own time and avoid alterations that seek to create an earlier or later appearance;   |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (4)                  | The proposed activity must preserve the distinguishing qualities or character of the building, structure, object or site and its environment;   |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (5)                  | The proposed activity must maintain or replicate distinctive stylistic exterior features or examples of skilled craftsmanship that characterize the building, structure, object or site;  |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (6)                  | New materials to be used for any exterior feature excluding what is visible from public alleys must be visually compatible with, but not necessarily the same as, the materials being replaced in form, design, texture, dimension and scale;   |                            |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | (7)                  | The proposed replacement of exterior features, if any, should be based on an accurate duplication of features, substantiated by available historical, physical or pictorial evidence, where that evidence is available, rather than on conjectural designs or the availability of different architectural elements from other structures; |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (8)                  | Proposed additions or alterations must be done in a manner that, if removed in the future, would leave unimpaired the essential form and integrity of the building, structure, object or site;  |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (9)                  | The proposed design for any exterior alterations or addition must not destroy significant historical, architectural, archaeological or cultural material, including but not limited to siding, windows, doors and porch elements;   |                            |
| <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | (10)                 | The proposed alteration or addition must be compatible with the massing, size, scale material and character of the property and the context area; and   |                            |
| <input type="checkbox"/>            | <input type="checkbox"/> | <input checked="" type="checkbox"/> | (11)                 | The distance from the property line to the front and side walls, porches, and exterior features of any proposed addition or alteration must be compatible with the distance to the property line of similar elements of existing contributing structures in the context area.   |                            |
