

CERTIFICATE OF APPROPRIATENESS

Applicant: Yigal Kass, owner

Property: 311 E. 8th

Significance:

Proposal: Alteration—Change roof type from composition to metal

Public Comment: No public comment received.

Civic Association: No comment received.

Recommendation: Approval.

HAHC Action:

All materials in exterior walls, including windows, siding, framing lumber, and interior shiplap must be retained except where removal or replacement has been explicitly approved by HAHC. Shiplap is an integral structural component of the exterior wall assembly in balloon framed structures and its removal can cause torqueing, twisting and collapse of exterior walls. Shiplap may be carefully shored and removed in small portions to insulate, run wire or plumbing, and should be replaced when the work is complete. Maintenance and minor in-kind repairs of exterior materials may be undertaken without HAHC approval, but if extensive damage of any exterior wall element is encountered during construction, contact staff before removing or replacing the materials. A revised COA may be required.

**PLANNING &
DEVELOPMENT
DEPARTMENT**

COA valid for two years from effective date. COA is in addition to any other permits or approvals required by municipal, state and federal law. Permit plans must be stamped by Planning & Development Department for COA compliance prior to submitting for building or sign permits. Any revisions to the approved project scope may require a new COA.
